whilst there is an extensive body of research exploring the barriers to gender equality and female empowerment in high income states there are far fewer systematic analyses within lower income settings this book draws on extensive empirical data to analyse gender mainstreaming and gender transformative actions in tanzanian higher education the book maps the practical landscape of gender mainstreaming across 14 universities in tanzania and the theoretical landscape of african theories of masculinities and femininities underpinning educational institutions and practices it then assesses the gender awareness and transformation through education project which was designed to support the development of gender expertise and capacities in research and education at one specific institution across both its administrative and academic units current and future academics at dar es salaam university college of education were trained in gender based research and education and a strategic plan was developed to guide in the establishment of a gender research centre that will provide gender expertise in research and teaching to the college and over time to other heis nationally and regionally by bringing together real world insights from action based research the book demonstrates the impact of real time social change and gender transformation with implications both for tanzania and beyond bringing novel empirical insights and policy recommendations this book will be of interest to researchers and policy makers across the fields of gender studies education and african studies

grounded on an analysis of informalized labour in the urban economy of dar es salaam processes of economic informalization explores the conceptual politics involved in the political construction of the informal economy diverse economic activities that are not regulated or protected by the state now estimated to make up more than sixty per cent of all employment worldwide the author draws attention to the dynamic political legal and social processes shaping the formal informal boundary fundamentally the book argues that informal economy presents a

normative and essentially contested concept which is implicated into reconfigurations of legal institutions labour organization and struggle and practices of state governance based on interviews ethnographic notes and a review of policy documents and current academic literature it illustrates how competing conceptions of the informal economy serve to normalize and justify but also contest specific forms of capitalist accumulation processes and social order highlighting the thorny role conceptions of the informal economy play in its construction as well as in its governance the book makes a timely intervention that challenges conventional positions in the debate on the appropriate regulation of informalized labour this book will be of interest to students and scholars of global political economy international relations labour studies and development studies the open access version of this book available at taylorfrancis com has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license
