this is the first book to explain for a broad audience the interconnections among technological innovation management science the power of entrepreneurship and national economic growth in countries like britain japan and the united states

few contributions to the understanding of modern capitalism and its mode of operation and evolution have been more important than those made by paul sweezy the essays in this volume continue and deepen his work of interpretation found in the theory of

capitalist development monopoly capital and the present as history

understanding of the economic successes and failures of the past century and today begins here dan blatt after almost a half century of accurate published economic forecasts examines history s most important economic works he shows why capitalist market mechanisms successfully raise billions out of poverty and why socialist and other administered alternatives flourish briefly and then collapse understanding begins with the basic texts an inquiry into the nature and causes of the wealth of nations by adam smith the principles of political economy and taxation by david ricardo capital das kapital by karl marx the general theory of employment interest and money by john maynard keynes capitalism socialism and democracy by joseph a schumpeter the analysis is readily comprehensible for college level readers and busy professionals the style facilitates speed reading and scanning but with liberal inclusion of quoted material covering the key ideas and most famous passages understanding the economic basics and modern capitalism is your source for rapid familiarity with these basic works and the reasons for the repetitive failure of current economic policies

hobson s the evolution of modern capitalism was first published in 1894 although this reissue is of the fourth edition published in 1926 the work traces the developments in trade and industry which characterised the first decades of the twentieth century in the first part hobson deals with the origins and structure of modern capitalism including the development of the machine industry the changing structure of trades and markets and the effects of these on workers and consumers the final supplementary chapter considers the impact of world war i on this changing economy and the disturbance recovery and readjustments which the war necessitated this is a classic work of importance to economic historians and those with a particular interest in the history of capitalism

first published in 1985 theories of modern capitalism provides a succinct study of marxist and non marxist theories of capitalism its recent development and the prospects of a transition to socialism the study begins with a critical examination and comparison of four major theories of capitalism in the works of marx weber schumpeter and hayek this is followed by an analysis of the most recent phase of capitalism which has been conceptualised by marxists thinkers in various ways as organised capitalism state monopoly or late capitalism finally bottomore considers the question of a transition to socialism in the diverse interpretations which have been offered by marxists on one side and by weber schumpeter and hayek on the other theories of modern capitalism will be valuable in a wide range of courses in social and political theory and will also have an appeal to a broader readership concerned with issues of social and economic policy

study of capitalist policy comparison of usa and western europe governments and of their national planning and economic

policies roles of public enterprise and private enterprise political aspects and democratic control of an active government references

based on a theory of institutions and comparative capitalism this text looks at the diversity of modern economies and identifies five different models the anglo saxon model asian capitalism the continental european model the social democratic economies and the mediterranean model

the privatization revolution profit or revenue sharing and employee participation in enterprise decision making are some of the major characteristics of modern capitalism such features can be observed in almost all countries including western developed third world and primarily ex socialist countries the diffusion of stock ownership the promotion of economic and industrial democracy and the globalization of production and finance present new challenges and opportunities and reflect important structural economic and political changes this book examines all these issues and provides valuable information and suggestions for labor management relations and international business cooperation

the evolution of modern capitalism by j a hobson is a seminal work that offers a comprehensive analysis of the development of capitalism from its origins to the modern era in this influential book hobson explores the economic social and political forces that have shaped the evolution of capitalism and its impact on societies around the world drawing upon a wealth of historical evidence and economic theory hobson traces the emergence of capitalism as a dominant economic system beginning with its roots in the industrial revolution of the 18th and 19th centuries he examines the role of technological innovation trade and investment in driving economic growth and transforming social relations hobson also delves into the consequences of capitalism for workers consumers and the environment highlighting the inequalities and injustices that have accompanied its expansion he critiques the concentration of wealth and power in the hands of a few as well as the exploitation of labor and natural resources for profit one of the key insights of the evolution of modern capitalism is hobson s emphasis on the interconnectedness of capitalism with imperialism and colonialism he argues that the expansion of capitalist economies has often been accompanied by the colonization of foreign lands and the exploitation of indigenous peoples leading to social upheaval and geopolitical conflict despite its critical stance hobson s work is also forward looking offering suggestions for reforming capitalism to make it more equitable and sustainable he advocates for measures such as progressive taxation social welfare programs and labor rights to mitigate the negative effects of capitalism and promote greater social justice the evolution of modern capitalism remains a classic text in the field of economic history offering valuable insights into the dynamics of capitalism and its implications for society hobson s rigorous analysis and impassioned advocacy continue to inform debates about the future of capitalism and the quest for a more just and humane economic system

the themes of this volume concern how governments employers trade unions and workers have acted to promote economic growth and accountability with active industrial policies and forms of co determination worker self management and or employee ownership

first published in 1906 the evolution of modern capitalism is a classic work of economic history by the renowned british economist john a hobson hobson traces the development of capitalism from its origins in medieval europe through the industrial revolution and into the early twentieth century exploring the political social and economic factors that drove its evolution this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this comprehensive work along with its companion volume see listing below provides a thorough review of modern capitalism by some of today s most knowledgeable scholars contributors include peter l berger boston university samuel mccracken boston university jeffrey g williamson harvard university edgar k browning texas a m university walter d connor boston university alan m kantrow harvard business review laura l nash harvard university s center for business and government richard john neuhaus rockford institute s center on religion and society stephen miller author of special interest groups in american politics marc f plattner author of rousseau s state of nature delba winthrop harvard university co published with the institute for educational affairs

neoliberalism and deregulation have come to dominate national and international political economy this major book addresses this convergence and analyzes the implications for the future of capitalist diversity it considers important questions such as is the preference for free markets a well founded response to intensified global competition does this mean that all advanced societies must all converge on an imitation of the united states what are the implications for the institutional diversity of the advanced economies political economy of modern capitalism provides a practical and informed analysis of the public policy choices facing governments and business around the world

in the evolution of modern capitalism a study of machine production j a hobson meticulously analyzes the transformative impact of machine production on the fabric of capitalism written in a period marked by rapid industrialization and burgeoning economic

theories hobson employs a critical and analytical literary style that blends empirical observations with theoretical discourse he articulates how technological advancements and mass production are not merely economic phenomena but also deeply intertwined with social structures labor conditions and political dynamics thus placing his work within the larger context of social science and economic thought of the late 19th and early 20th centuries j a hobson a prominent english economist and social critic was heavily influenced by the industrial environment of his time fostering his exploration of capitalism and its implications his interdisciplinary background combining elements of sociology economics and politics informed his perspective on modern capitalism leading him to engage with critiques of imperialism and social inequality hobson s intellect and advocacy for social reform are palpable throughout his writings revealing a commitment to understanding and addressing the complexities of his era this insightful examination is highly recommended for scholars and students alike providing a profound understanding of the historical and social dimensions of capitalism hobson s work challenges readers to reconsider the ramifications of industrialization making it essential for anyone interested in the evolution of economic systems and their societal impacts
